LAKE FOREST PARK

LAKEFRONT PARK

The city is exploring the future potential of the lakeside cabin.

How would you like to see it used to support the park?

Place a sticker on the uses you would like to see for the lakeside structure.

Use a sticky note to share any other ideas you have.

LAKE FOREST PARK

LAKEFRONT PARK

Some parking for the lakefront park will likely be located at City Hall.

As a pedestrian moving between City Hall and the lakefront park:

**Show where you feel
SAFE using the *GREEN* sticker**

**Show where you feel
UNSAFE using the *RED* sticker**

Use a sticky note to share any other ideas you have.

Kokanee

"the little red fish"

DARK

Kokanee are special salmon that live their entire lives in freshwater. Years ago, kokanee were plentiful in Lyon Creek. Through our actions and restoration, we can help them return.

There are four characteristics that help make lakes and streams healthier for salmon. Can you spot them?
