

Q1 Select your preference for the Parking Options. (select one)

Answered: 173 Skipped: 8

ANSWER CHOICES	RESPONSES	
Option 1: More Parking	60.69%	105
Option 2: Minimal Parking	39.31%	68
TOTAL		173

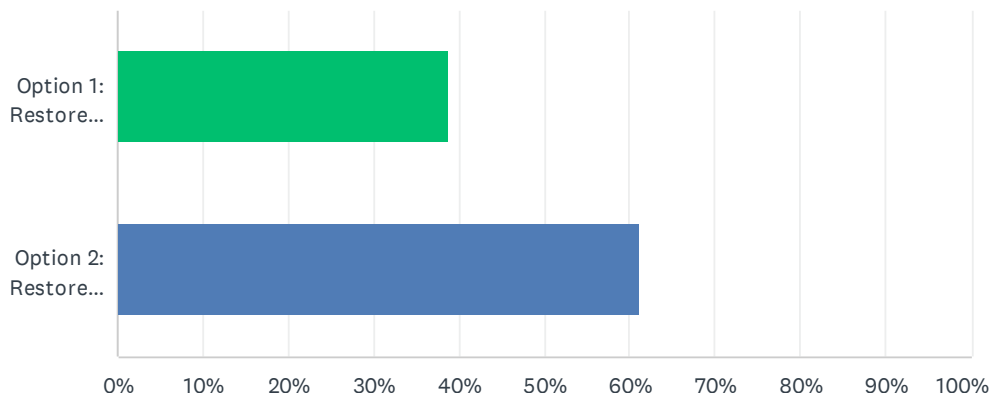

#	OTHER (PLEASE SPECIFY)	DATE
1	Don't give people any false hope of finding nearby parking	3/6/2024 1:26 AM
2	A park without parking makes no sense. If the plan is for community events and possible rental of big house, people have to be able to access it	2/26/2024 6:21 PM
3	I don't know that quite so many spots are required, but some load/unload spots would be very nice	2/26/2024 2:29 PM
4	Maximum space for PEOPLE (and plants and animals) not cars!!!	2/26/2024 10:23 AM
5	Load unload so we can drop off kids, kayaksetc and then park at city center	2/24/2024 8:08 PM
6	bike racks	2/24/2024 3:49 PM
7	Encourage folks to bike/ walk&moregreen space	2/24/2024 8:43 AM
8	Parking spots should be designated drop off / pick up only ex 15 min limit	2/23/2024 8:57 PM
9	This park needs much more parking than proposed. I don't understand why you'd need 5 ADA spaces for a park this size. You seem to be offloading your parking onto the mall - have they agreed to this?	2/21/2024 9:43 PM
10	Please pursue King County covering culvert by trail to provide for some angle in trail parking across the street from park, as well.	2/21/2024 9:08 PM
11	Load/ Unload parking needed.	2/21/2024 7:29 PM
12	as part of this project, Beach Dr. should be widened along it's NW shoulder to design and define parallel parking spaces there. More parking provided in the public right of way would help mitigate some of the pressure to accommodate parking within the park property.	2/21/2024 6:30 PM
13	at least a loading and unloading zone for kayaks	2/21/2024 6:06 PM
14	Would be nice for load/unload space at least	2/21/2024 5:17 PM

Lakefront Park Community Workshop #2 Survey

15	Six parking spaces for a waterfront park is ridiculously small and non-functional. I would recommend the parking spaces be loading zones	2/21/2024 2:24 PM
16	I think a load-unload zone would be helpful for people who don't have a disabled placard but might have other mobility issues (including young kids). One parent might drop off a group of people and then go park at City Hall and walk back, for example.	2/21/2024 12:05 PM
17	Less is best if allows for more park but would there be overflow in town center?	2/21/2024 10:30 AM
18	Having a load/unload zone would be nice for people or families that cannot carry a lot of stuff from across the street. Also if the Big House is used for events, being able to unload and load in the parking lot is really nice.	2/21/2024 8:23 AM
19	make even more parking by adding the space where symbol 7 is located. Reduce the handicap parking by atleast one to two. We have used the other small parking space where Morris home was located and very seldom had enough parking spaces.	2/21/2024 8:21 AM
20	There is a huge lot right across the street at the Court House	2/21/2024 8:12 AM
21	Parents with children need parking close by and don't have disabled parking permits	2/21/2024 7:32 AM
22	Loading and unloading zones for SUP or Kayak	2/20/2024 3:26 PM
23	Parking should be greater than Civic Club because demand will be greater and the civic club is often full. Otherwise, parking will spill onto Beach Dr., preventing the park from receiving a permit	2/20/2024 1:44 PM

Q2 Select your preference for the Lyon Creek Waterfront Preserve options. (Select one)

Answered: 155 Skipped: 26

ANSWER CHOICES	RESPONSES
Option 1: Restore Forested Buffer	38.71% 60
Option 2: Restore Floodplain Meadow	61.29% 95
TOTAL	155

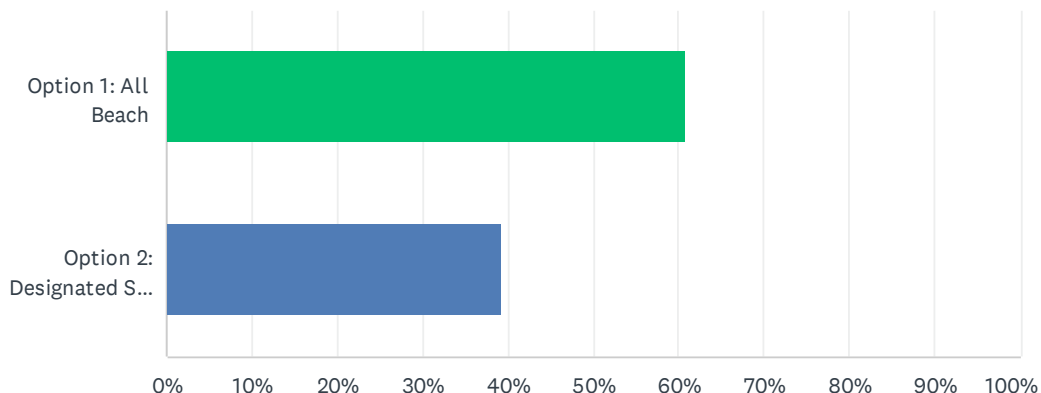

#	OTHER (PLEASE SPECIFY)	DATE
1	Either one works, as long as native and/or non-invasive species are used.	3/6/2024 1:26 AM
2	Would be nice to keep trail on south side of Lyons creek and retain more walking trails	3/2/2024 11:19 PM
3	No preference	2/29/2024 12:27 PM
4	Can it be a mixture of both? That would be ideal.	2/28/2024 12:31 PM
5	The open views of Lyon creek are refreshing in such a dark region/city. I love tree canopies and we have plenty, but the sun is so hard to find especially in a town facing north east!	2/26/2024 10:23 AM
6	Whichever is in the best interest of the flora and fauna, with access for humans to interact with it	2/25/2024 8:03 PM
7	As open as possible will feel safer than the forested park next door	2/24/2024 8:08 PM
8	Trees provide shade which is impt w/ climate change	2/24/2024 8:43 AM
9	Not sure	2/22/2024 10:18 AM
10	Current tree cover is dark and damp much of the year.	2/21/2024 9:08 PM
11	Select the option that reduces mosquito production	2/21/2024 9:01 PM
12	Whatever restoration project is supported by an environmental planning review process. ported by a	2/21/2024 7:52 PM
13	Whatever is best for wildlife and stream preservation.	2/21/2024 6:51 PM
14	Which option is the absolute best for the environment? Specifically, which is more native to the area and would best suit the native wildlife? I see benefits to both options. Is it possible to incorporate both plans somehow?	2/21/2024 4:54 PM

Lakefront Park Community Workshop #2 Survey

15	It is not clear which option would provide the best protection for salmon and other wildlife	2/21/2024 12:19 PM
16	Which is better from an environmental/ecological perspective?	2/21/2024 9:51 AM
17	present park is a mess. Reduce the so-called natural weed infestation. Parks on water bodies should be more open and usable by more activities than walking on a path. It is an urban small park, and not a wild, out in the country natural preserve	2/21/2024 8:21 AM
18	Please don't spend \$ on Lyon Creek Preserve. This is for the new park.	2/21/2024 7:45 AM
19	Removing invasive species should be a priority	2/21/2024 7:27 AM
20	Whichever course is selected, a key factor is considering the cost and practicality of long-term maintenance, such as controlling invasive plants.	2/20/2024 11:18 PM
21	Unsure	2/20/2024 3:44 PM
22	We just spent lots of city funds to redo the preserve. Why change the paths and park so much? Jsut leave it alone	2/20/2024 1:44 PM
23	I prefer whichever option will be easier to maintain--whichever option is best suited for the site conditions.	2/20/2024 11:46 AM

Q3 Select your preference for the Lake Washington Beach Options. (Select one)

Answered: 176 Skipped: 5

ANSWER CHOICES	RESPONSES	
Option 1: All Beach	60.80%	107
Option 2: Designated Soft Launch Area	39.20%	69
TOTAL		176

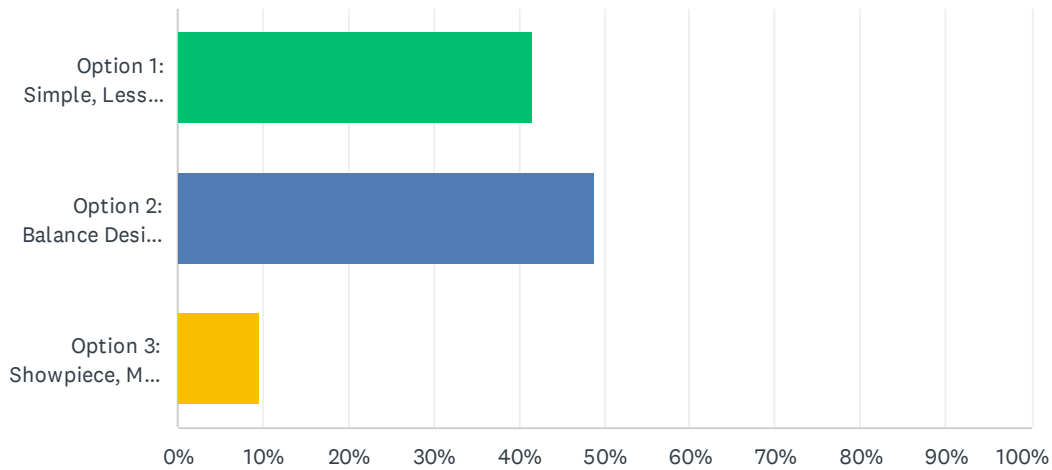

#	OTHER (PLEASE SPECIFY)	DATE
1	There will be little enough beach as there is.	3/6/2024 1:26 AM
2	Without a soft launch area people will likely drag their boards and boats across the lawn, damaging it and disrupting the people sitting and enjoying the waterfront. Having direct access to the soft launch from the staging area keeps boaters separated to everyone's benefit.	2/26/2024 10:23 AM
3	As much area for families to enjoy and have access to water	2/24/2024 8:08 PM
4	Where is the parking for people in your "Soft Launch Area" option? Do you imagine people will carry their kayaks over from the mall?	2/21/2024 9:43 PM
5	Get rid of the lawn. They are an environmental blight.	2/21/2024 7:52 PM
6	Easier to unload paddleboards and kayaks.	2/21/2024 7:29 PM
7	I vote for option 2 merely because I believe a lawn is a waste of critical resources. Although I will admit it is nice on a sunny day when you want to have a wee picnic. So, option 2 would allow a lawn, but it looks like it's smaller.	2/21/2024 4:54 PM
8	Although a soft launch area is nice I prefer more beach for families to have places to hangout and gather. Plus getting watercraft to the area to launch is a challenge if you have to park across the street. And I'd prefer not to have companies come in and take over park space with boat rentals. Maybe instead of a soft launch area, provide a place that has the ability to provide electric pumps for inflatable watercrafts like SUPs and kayaks.	2/21/2024 8:23 AM
9	since lake level goes down in fall, launching of paddle bds and such is very hard from a raised dock, unless it is floating-needs careful planning. Suggest reducing sizes of concrete paths to keep more of the natural qualities of park.	2/21/2024 8:21 AM
10	It's a close call.	2/20/2024 11:18 PM
11	The plan does not address the substantial trespassing risk, and thus neither othese will allow a	2/20/2024 1:44 PM

Lakefront Park Community Workshop #2 Survey

permit to be obtained. A bouy line provides no barrier, as shown between the Civic Club and Lyon Creek preserve.

Q4 Select your preference for the Lakefront Shelter Options. (Select one)

Answered: 176 Skipped: 5

ANSWER CHOICES	RESPONSES	
Option 1: Simple, Less Cost	41.48%	73
Option 2: Balance Design & Cost	48.86%	86
Option 3: Showpiece, More Cost	9.66%	17
TOTAL		176

#	OTHER (PLEASE SPECIFY)	DATE
1	High level of amenities akin to the one at Civic Club - materials that are durable and will be a good mid-to-long term investment - vertical surfaces (e.g. walls, panels, etc.) offer an opportunity for art (e.g. murals, sculptures, etc.)	2/28/2024 12:31 PM
2	There are no outdoor public places in LFP where you can meet up and stay a while. Animal Acres park is the closes thing we have and it is literally just a covered area with a few picnic benches. Not everyone in town has access to the private clubs!	2/26/2024 10:23 AM
3	Something that allows several families to use	2/24/2024 8:08 PM
4	Simple - this park already costs too much money.	2/21/2024 9:43 PM
5	As long as a shower is present, cheaper is better	2/21/2024 9:35 PM
6	The picnic shelter can be simple. Any additional resources would be better invested into making the other structures better able to meet a variety of needs.	2/21/2024 6:30 PM
7	I like this idea because it potentially could be used as a small events venue. For those of us who are long-time LFP residents and are not allowed to join the civic club for various reasons, this would give us an opportunity to enjoy such a venue. And perhaps affordable rent for events could help pay for this? Just wondering	2/21/2024 4:54 PM
8	running water, drinking fountain, rep areas, electrical outlets, air pump would be useful	2/21/2024 4:45 PM
9	whichever option can allow for a more developed playground area. Putting some some logs to climb on isn't sufficient for a play area.	2/21/2024 10:20 AM
10	I think prioritizing seating would be nice for those who want shelter to sit under. I'm not sure the size of the shelter so it's hard to say what would be best. Having a sink with running water	2/21/2024 8:23 AM

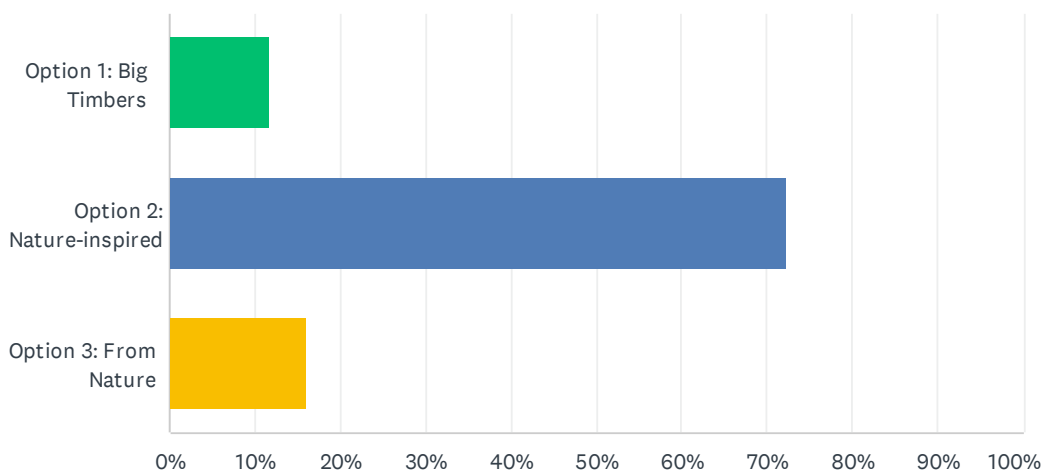

Lakefront Park Community Workshop #2 Survey

might be nice. And an air pump area somewhere in the park would be nice too. Also consider if there is anyone hired to clean up this area. The beach clubs have people they hire to keep the place clean, so it is nice. But if that is not the plan, then the more stuff the shelter has may just lead to bigger messes left.

11	It is sad that the Morris residence was torn down that had a mid-century, Frank Lloyd Wright design that would have been great meeting rooms, music venue, wedding venue, small offices for staff, etc. Where was the LFP staff on that terrible decision. The home blended in well with the creek and nature.	2/21/2024 8:21 AM
12	The showpiece design is cool but it will be costly to maintain over time	2/21/2024 7:32 AM
13	Basic amenities should be included, at a minimum cold running water and electrical outlets.	2/20/2024 11:18 PM

Q5 Select your preference for the Play Area Options. (Select one)

Answered: 162 Skipped: 19

ANSWER CHOICES	RESPONSES
Option 1: Big Timbers	11.73% 19
Option 2: Nature-inspired	72.22% 117
Option 3: From Nature	16.05% 26
TOTAL	162

#	OTHER (PLEASE SPECIFY)	DATE
1	Adult workout equipment, either clustered or throughout the park	3/2/2024 11:19 PM
2	ACCESSIBILITY! All of these options are for typically abled people - please make this an accessible play area for all children - see the City of Shoreline's concept for the new Briarcrest Park, Seattle's Children's Playgarden, and myriad other examples	2/28/2024 12:31 PM
3	A real ply structure	2/27/2024 12:53 PM
4	Natural landscaped play areas foster creativity. I'm okay with some classic playground items like a slide or swing, but please avoid plastics and blend it in to the natural playground pieces. Also, a workout area would be wonderful. This could be as simple as a pull up bar and dip bar, and even kids could make use of it. Lastly, my son really wants a search and find "Easter egg" type hunt hidden through out the park. We attended the community event and he was eager to make this request, but I want to have it on the record here on the survey.	2/26/2024 10:23 AM
5	Honestly, I hope the playground is kept minimal and doesn't compete with the waterfront. Not because I don't like kids -- I have young ones myself -- but because I want them to engage with actual nature when we're there!	2/25/2024 8:03 PM
6	The 3 play area options are all logs! All the parks in LFP seem to be preserved nature areas for old people to sit in. There's a covered picnic area at Animal Acres now, but I barely see anyone using it, because there's nothing to play on. It's like LFP doesn't want to be attractive to families. Please please please create a great playground for kids with actual play structures.	2/25/2024 6:13 PM
7	The kids need more to play with. There are plenty of larger, higher play structures that won't impede the view.	2/24/2024 4:49 PM
8	Nature inspired, but include slides, swings, a zip line, ropes within that style. Playground	2/24/2024 4:00 PM

Lakefront Park Community Workshop #2 Survey

choice in LFP is so minimal, this is the opportunity to create something wonderful for everyone. Remove the northern most tree in the playground area to use for taller structures. We've got enough trees, but we don't have play structures, especially for older kids.

9	What community members are you listening too? Ones without small children? LFP is devoid of free public spaces for children to play - the last "parks" for use in our city have no areas for children to play. Please do better for this area - it is not only for the empty nesters to enjoy. As an elementary educator and resident, we need to provide spaces for young children to play - keep them off of screens and playing with other children and moving their bodies. All educational research points towards this - LFP has a chance to help grow our community and not only preserve our beautiful city but include our young children in the process.	2/23/2024 9:56 PM
10	No designated playground. Kids should explore and play in the forest and on the beach.	2/23/2024 10:25 AM
11	My preference is no playground area. The kids can and should play on the beach and explore the forest.	2/23/2024 10:19 AM
12	Should also include swings	2/22/2024 4:09 PM
13	real playground equipment please.	2/22/2024 3:25 PM
14	I think lots of bike spaces since this is right of the Burke Gilman.	2/21/2024 9:50 PM
15	Would love to see any of these concepts incorporate more free play and movement. Something like loose nature materials, a mud kitchen or rock mining area for imaginative play would capture a large child age range	2/21/2024 9:43 PM
16	Can't this town build a decent, regular play area? None of these are it. Look at the age of people attending the open house - that's your answer why you can't get this right. This town is anti-family.	2/21/2024 9:43 PM
17	There should be nature inspired climbing wall, slides, zipline. All relatively low cost, but highly entertaining	2/21/2024 8:19 PM
18	If this area is to be developed, please add a reasonable play area with swings, play structures, etc. Lose the "grand lawn" and add a developed play area along with a natural playscape. along with	2/21/2024 7:52 PM
19	I am basing my choice totally on \$\$\$. I like the "from nature" look & strategy the best, but am afraid if this is extra expensive it would be tough to justify.	2/21/2024 6:30 PM
20	A traditional play structure would be best for this area and the kids	2/21/2024 6:00 PM
21	Swings please!!	2/21/2024 5:17 PM
22	Nature all the way.	2/21/2024 4:54 PM
23	Put an actual playground there. It can be naturally inspired like so many in the area are. LFP is like the least kid friendly area around! Kids deserve play structures	2/21/2024 12:16 PM
24	I would like to see a fully accessible playground that serves all children from toddlers through school age. A "nature themed" play area is fine but there is no playground equipment depicted in any of these 3 options. The Puget Sound area has many amazing playgrounds but none that are notable in Lake Forest Park. This is an opportunity to show that LFP is a family-friendly and kid-friendly community by providing a true playground and not just some logs to climb on.	2/21/2024 10:20 AM
25	We need a playground for ALL ages...2 and up! Not huge and tall but something that is safe for little kids and big kids. School playgrounds are not an option during the day for younger kids and most of the toys at logboom are too big for little kids. We have a ton of kids here and it feels like all the decisions are made with older people and trees in mind. We need more safe places for kids to play and gather!	2/21/2024 9:58 AM
26	I don't think these options are inclusive for disabilities or various age groups	2/21/2024 8:43 AM
27	All three pics don't seem like a play area. They are just logs placed in a space. Hopefully it'll be more like a play area rather than logs thrown down and called a play area.	2/21/2024 8:23 AM
28	has consideration been made for the variations of lake level in regards to the beach areas? It is a tremendous difference on the uses possible, etc.	2/21/2024 8:21 AM
29	Kids need more nature! This is the best cost wise too	2/21/2024 8:12 AM

Lakefront Park Community Workshop #2 Survey

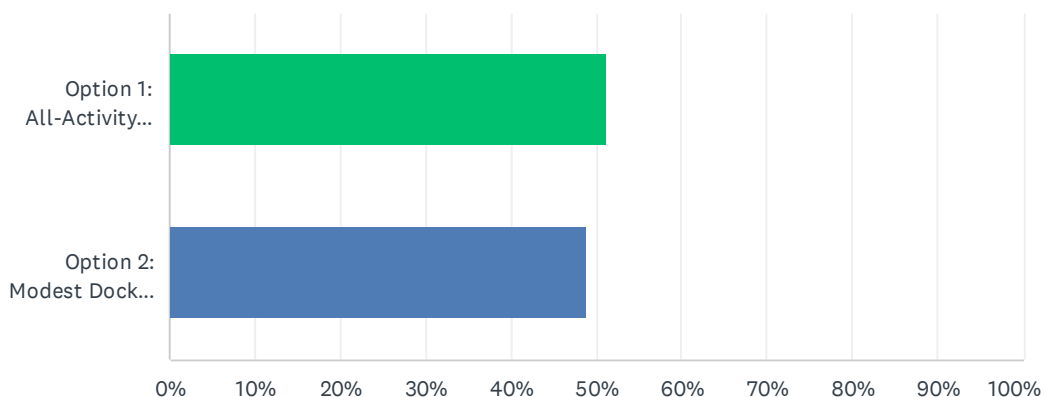

30

Still no playground? Why? Timbers? That's not a playground. Feel ripped off.

2/21/2024 7:45 AM

Q6 Select your preference for the Community Dock Options. (Select one)

Answered: 174 Skipped: 7

ANSWER CHOICES	RESPONSES	
Option 1: All-Activity Dock	51.15%	89
Option 2: Modest Dock with Swim Float	48.85%	85
TOTAL		174

#	OTHER (PLEASE SPECIFY)	DATE
1	Permit for the full dock in option 1 , but build option 2.	3/6/2024 1:26 AM
2	Keep the outdoor shower on the house or a place to rinse off. Perhaps consider a splash pad.	3/2/2024 11:19 PM
3	Please consider what the viewing platforms are looking at in the angle and design of them. Right now, those would just be looking at Civic Club and its swim area - consider angles/design that supports viewing more in the direction of the lake beyond Civic Club's swim boundary, toward the South and the mountain, across the water to Kenmore, and to the East and the Cascades.	2/28/2024 12:31 PM
4	I love the idea of a floating dock for older kids to swim out to, but I also want the most dock space possible. If there could some how be both that is my preference.	2/26/2024 10:23 AM
5	Let's allow the most dock possible. Wish we could have a big dock and a swim dock.	2/24/2024 8:08 PM
6	Dock surrounding swim area. Minimize over water structures. Extremely shallow water. Want to discourage jumping/diving and trespassing.	2/23/2024 10:46 AM
7	Swim float dock too	2/22/2024 2:32 PM
8	Have concerns about bird poop on floating dock making it not appealing to swim out to.	2/22/2024 12:32 PM
9	I'd be interested to what option works well with safety + consideration of how the design either impacts how it's lifeguard-ed or how it promotes water safety that is unsupervised	2/21/2024 9:43 PM
10	No swim float - too costly to maintain. Is LFP also going to provide lifeguards now?	2/21/2024 9:43 PM
11	Dock should accommodate space for private vessels (sail & power) to pickup and drop off guests. No moorage — no unoccupied boats— but enough space (100'?) along one of the dock faces for a few boats to “come alongside”.	2/21/2024 6:30 PM
12	Option 2 seems to have less of an environmental impact which is what I prefer.	2/21/2024 4:54 PM
13	Can we have a swim float in addition to the all activity dock? “Big kids” like to swim out to	2/21/2024 3:08 PM

Lakefront Park Community Workshop #2 Survey

	floating docks.	
14	The modest swim dock would be great combined with the additional separate soft craft launch area	2/21/2024 2:03 PM
15	Modest with dock but also swim access. How do you get to float if no swim access? Hybrid of the two	2/21/2024 8:40 AM
16	lawn area will likely be used for windsurfing/kiting rigging. Make access from lawn edge to beach launching areas	2/21/2024 8:21 AM
17	Option 2 unless money is available for option 1.	2/20/2024 11:18 PM
18	The two existing docks need to be kept/replaced such that swimming activities are contained	2/20/2024 1:44 PM
19	No dock. Too expensive and a lot of liability	2/20/2024 1:44 PM

Q7 Is there anything else that you would like to share with the city and design team? (free response)

Answered: 69 Skipped: 112

#	RESPONSES	DATE
1	Please name the park after Octavia E Butler.	3/3/2024 9:10 AM
2	A circular walking design incorporating both the park and preserve. Perhaps a circular dock encompassing a secure area for children to wade. Idea is to allow people to keep moving, walking and strolling, make the park more interesting and utilize the preserve to make it feel larger rather than separate	3/2/2024 11:19 PM
3	As a taxpayer I am most concerned about keeping the costs down.	2/28/2024 2:14 PM
4	More restrooms and/or changing rooms (even open air) near the beach area Please keep accessibility at the forefront of all design choices - universal, accessible design is for everyone There's a lot of space dedicated to pathways and grass areas, particularly in the entrance area, around the big house, and around the shelter where there are several grass/tree patches that appear would be fairly unused or unusable other than natural beauty - other ideas that can encourage more full use of the space? More tables? Open grass for ball play? Outdoor showers? Edible garden? Look at creative ideas elsewhere and consider ways to make it as fully engaging and usable as possible.	2/28/2024 12:31 PM
5	There was talk of a museum a while back- I do not believe this would be a good use of space and resources. My priorities would be open space for all to enjoy (including young children as a focus). A real play structure vs logs, and overall staying away from pavement	2/27/2024 12:53 PM
6	As an open water swimmer, I would like there to be bouys marking where motorized watercraft can be relative to the shore. I am particularly scared of jet skiers.	2/26/2024 2:29 PM
7	I am eager to see progress on this park, as it is desperately needed in the area! I hope there can be community events as we go, and perhaps volunteer events to participate in the creation of the park!	2/26/2024 10:23 AM
8	Life guard for kids	2/26/2024 4:49 AM
9	I'm so excited to have a larger accessible lakefront in LFP! I hope the team doesn't get so caught up in the design elements that they forget the purpose of this: to allow people to engage with nature more readily. St. Edward State Park, OO Denny, and Log Boom are great examples of places with a few amenities but mostly an opportunity to be in nature. I'd love to see trails that allow kids to feel like they're exploring, direct access to Lyon Creek, and a culture of freedom to play and enjoy.	2/25/2024 8:03 PM
10	Please make this park a place for community members, especially families, to gather and have fun. This would include adequate facilities for people to congregate, a shoreline and dock that would accommodate a wide variety of activities, and an awesome play area for kids. LFP has *a lot* of parks for quiet reflection and very little beach access, unless you belong to one of the private clubs (equity issue!) LFP should be a place that values children and families. Let's make this space work for everyone! PS I don't have a horse in this race personally, as I don't have children young enough to enjoy a play area. What I do value is a community where children and families thrive, apparently unlike a lot of our older residents. Let's stop rewarding selfishness.	2/25/2024 6:13 PM
11	Thank you for the clear plans and opportunity to comment	2/25/2024 2:58 PM
12	Please make it family friendly. Hopefully more of a playground then just logs???? There is an opportunity here for inclusion and water access for many families.	2/24/2024 8:08 PM
13	Needs as much parking as possible	2/24/2024 7:08 PM
14	We have to provide a space for the youngest community members - ignoring this will continue to lead to bad feelings amongst our community. As an educator and parent of older children, I	2/23/2024 9:56 PM

Lakefront Park Community Workshop #2 Survey

hear this all of the time from our young families. Make our city more child and family friendly. Older citizens are not the only ones paying taxes to live here. The park across the street from Brookside is a prime example. Not only is the sign on the front from the Stewardship committee condescending, the park is unusable for almost everyone. I'm there 5 days a week across the street and it hardly has anyone using it except for when young children are accessing it for after school activities - we have to provide more for our young families and children. Help them want to be outside, going to play, forming friendships and families continuing to build community. The last park build across the street from Animal Acres is only for very young children. It was a lovely start, but we need more for our elementary age kids. Not everyone in LFP can be a part of the elitist "pay for access" private clubs where these friendships and bonds are made amongst our richest citizens. Help our everyday families build these friendships. It will not only strengthen our community but our schools and then our futures. Please do not waste this opportunity like we have in the past - do the right thing and build a park and community center that becomes a true gathering space for all ages.

15	I think we should spare no expense in making this a beautiful and fully accessible park for our community. I'm so excited for this project. It's a beautiful area and this park will enrich our town. My family loves to swim in the summer so hoping to have an additional option to Log Boom. Thank you for all the work putting this survey together.	2/23/2024 8:33 PM
16	Maximize natural space with native flora over everything else.	2/23/2024 10:25 AM
17	Maximize natural space and restoration over parking and grass.	2/23/2024 10:19 AM
18	I only got this because a friend send it. Better advertising. I missed the town hall meeting.	2/22/2024 2:32 PM
19	Going to need lots of parking since there are so few public beaches. Love a new public access to the water! Bravo!	2/22/2024 10:18 AM
20	The does not need an office. We have several parks in LFP and none of them have office space. Remove the old cabin rather than take on the added expense of renovating it and maintaining it.	2/22/2024 8:21 AM
21	The park does not need an office. That would be wasted space.	2/22/2024 8:19 AM
22	Keep the dock at Lyon Creek to allow more areas to view the lake as the new multi purpose dock will be busy with swimmers and paddlers. Also add bike parking at Lyon Creek as well as historical signage showing property history.	2/22/2024 7:41 AM
23	We are so excited for this space in our community!	2/21/2024 9:59 PM
24	This form was quite tricky to fill out online (mobile). We are very excited to see this + interested in the planning and development. It would be great to promote local biz by offering the option to host makers Marts (use of the space) and outlets for food trucks.	2/21/2024 9:43 PM
25	1) The costs for these designs are well in excess of what this community should be spending on this park. 2) You need more parking - the reason people don't use your existing park more is because there's nowhere to park. 3) Get rid of the existing structures - they represent long-term maintenance liabilities. Also - where are people parking for these? 4) Simplify the design to make it cheaper - is there a basic plan that would get the park into use faster/cheaper than this? 5) Why can't this town build a normal, regular play structure for children? A bunch of logs piled-up is not a play structure. Get some people with little kids involved in your planning process.	2/21/2024 9:43 PM
26	I hope the design includes some form of lights so the park is usable after dark	2/21/2024 9:35 PM
27	More parking and a designated walking path or sidewalk are both critical for safe access. I would vote not have the office to create as much visibly open space as possible. So excited to have a waterfront park that is free to all!	2/21/2024 9:22 PM
28	The park should assume visitors from the Burke Gilman trail. It also should try and prevent the parking being used by those going on long rides.	2/21/2024 9:21 PM
29	I am pleased to see all the thoughtful and responsive design work. Looks like a great park. I was especially thankful to see the gates to lock up the park at night. Keeping a building for park offices is a brilliant idea and will keep the park safer with city employees nearby.	2/21/2024 9:08 PM
30	Please create as big of a natural play structure for kids as possible.	2/21/2024 9:01 PM
31	I attended the open house and was very impressed with the consultants. They were very	2/21/2024 8:55 PM

Lakefront Park Community Workshop #2 Survey

	knowledgeable and seemed to have the best interest of the community and nature in mind	
32	No	2/21/2024 8:43 PM
33	Keeping the cost down is more desirable.	2/21/2024 7:29 PM
34	Get a gate for beach drive. People will drive on beach drive before looking for parking at city hall. They will ignore signs	2/21/2024 7:23 PM
35	Many of these options give me pause for wonder: how much beyond the construction costs will the maintenance costs be? Will a dock require a paid lifeguard? If a dock includes a watercraft access, who will monitor the wake? No matter how much parking (ADA or otherwise) is provided, what resources will be directed to enforcing that? There are still so many questions. But I thank you for the transparency of your efforts to date.	2/21/2024 7:17 PM
36	It is in both the city and Civic club's best interest to develop a "natural" spit / breakwall extending out into the lake along the property line between the park and the club. This would help Lyon Creek to naturally shift and wander on the shore in front of the park, and remove the ongoing pressure from the civic club to regularly dredge and channelize the creek. A properly designed strategy carried out once should allow for many years of natural evolution of the shore and creek without having to continue to redirect the flow — which will always be disruptive to the natural habitat.	2/21/2024 6:30 PM
37	No motorized boats allowed to launch or dock for the safety of swimmers	2/21/2024 6:00 PM
38	Unfortunately we are unable to participate in the planning meetings, mostly due to work. I appreciate the survey and the opportunity to share my thoughts. It is my deepest wish to keep the environmental impact as minimal as possible, especially considering the overwhelming changes our neighborhood will undergo with the upcoming ST3 project. Please preserve as much of our native flora and fauna as possible. Please help Lake Forest Park retain what little bit of nature we have left. Thank you.	2/21/2024 4:54 PM
39	Any and all "paved" areas must be permeable, either by tiling (paving stones w gaps) or using a permeable material. RE the dock, if you use the shore design with designated soft launch area the dock itself could be simpler, without a launch area. Do not think a swim platform is a good idea unless you will provide lifeguards as it will encourage people to swim out further.	2/21/2024 4:50 PM
40	Looks amazing! I hope the dock has cleats for small watercraft to tie up and visit the park or grab lunch at town center!	2/21/2024 3:08 PM
41	We love the idea of a soft launch area! Our family has a dingy and currently we have to go up to kenmore to launch. Locally would be much preferred! Love all the beach and dock plans.. maybe more of a play structure for kids (slide/swings) incorporated into the log design. Cannot wait!!	2/21/2024 2:19 PM
42	Please think about the people that will actually use this park and design it for them. We live in Lake Forest Park because we care about trees and the environment and love it but not putting a playground there so you can have a more natural look is ridiculous. Kids deserve to have a place to play, they don't have a voice in this process, but they deserve to be represented in its design. Having lots of kids playing joyfully will increase usage of this park and the ROI will be much higher.	2/21/2024 12:16 PM
43	I believe we need to provide MORE parking. It does no good to invest in a park that has such limited access, especially for our aging population.	2/21/2024 10:53 AM
44	Ensure swings are available. Many parks seems to exclude swings especially for younger kids.	2/21/2024 10:30 AM
45	I would like to see a fully accessible playground that serves all children from toddlers through school age. A "nature themed" play area is fine but there should be playground equipment too (maybe there is in the background of option 3? it's not clear what that structure is in the back). The Puget Sound area has many amazing playgrounds but none that are notable in Lake Forest Park. This is an opportunity to show that LFP is a family-friendly and kid-friendly community by providing a true playground and not just some logs and rocks to climb on.	2/21/2024 10:20 AM
46	We need to consider families and people over trees. We have plenty of nature here with animal acres nearby and need fun and engaging activities like playgrounds for kids to be creative and give parents more options. PLEASE include a playground that is not just logs. We have plenty of that at Hamlin too. A covered space for picnic tables will be used a ton!	2/21/2024 9:58 AM

Lakefront Park Community Workshop #2 Survey

47	Consider the impact of the lake level variation on dock/beach design to maximize all season use and not just summer.	2/21/2024 9:52 AM
48	Multiple ladders on dock for climbing up for swimming	2/21/2024 8:40 AM
49	parking seems deficient for the possible uses being programmed for the two properties. Is there any possible parking along the street that could be formed between Burk-Gilman trail and street pavement with a turn around area so parking doesn't occur farther northeast on the street disturbing the neighbors?	2/21/2024 8:21 AM
50	Give the kids a proper play structure!	2/21/2024 8:19 AM
51	Community feedback was for active recreation and playground.	2/21/2024 7:45 AM
52	I think having a small amount of non-disabled parking available on site is really important. Parents of small children do not have disabled parking permits and its not reasonable to expect them to park at the town center and cross a busy state highway with strollers and park gear. Has metered parking been considered? A small charge of \$2.50/hr/2hr max could encourage turnover of parking spaces, discourage use of parking for Burke Gilman Trail access, and provide a small stream of income for park maintenance.	2/21/2024 7:32 AM
53	Keep up the great work!	2/21/2024 7:32 AM
54	A "low playground to preserve the view" sounds extremely limiting. There are many "high" play options that can be looked through and ignored when looking at the view. Consider swings, or a play structure built with an open area/bridge, most of the tall portion could be near the treeline. This needs to be a place kids will want to be, not just a few connected logs as pictured.	2/21/2024 7:27 AM
55	Least expensive option. Do not want higher taxes for a park.	2/21/2024 1:52 AM
56	sand volleyball court	2/21/2024 12:06 AM
57	Review the usage, evolution and maintenance of Whispering Willow and the existing waterfront park for clues as to how the park will be used and change in the future, incorporate lessons learned in the design of this park.	2/20/2024 11:18 PM
58	Please consider storage racks for small, non-motorized craft, including kayaks and small sailing dinghies or rowboats. These could be rented out at a modest fee to help cover park costs.	2/20/2024 9:28 PM
59	My #1 goal is making sure this park is open to all (unlike the ridiculous Civic Club boundaries).	2/20/2024 9:01 PM
60	No fishing	2/20/2024 7:10 PM
61	Please no fishing. Or fishing hours 6AM to 9 AM.	2/20/2024 6:39 PM
62	This is such a rare opportunity that trying to reduce the cost feels penny wise and pound foolish	2/20/2024 6:23 PM
63	Include sitting benches and picnic tables	2/20/2024 5:06 PM
64	No	2/20/2024 3:44 PM
65	I think it is important to maximize the beach access, as this is much needed and important to LFP residents.	2/20/2024 2:16 PM
66	Please no artificial lights along the waterfront or dock. Increases predation of young salmon.	2/20/2024 2:13 PM
67	Please add bike racks and a tirepump!	2/20/2024 2:08 PM
68	An amazing amount of the park is impervious service. This is against the ethos and funding for the land. The design is overbuilt and should be actually natural	2/20/2024 1:44 PM
69	How to secure the site after closing hours. We already have a problem with the Lyon Creek site and this is a greater magnitude	2/20/2024 1:44 PM
