40	A lakefront restoration project with access to the water and a small floating dock for kayak launch would be amazing. There are so few public access points to lake WA and even fewer that are natural, restored spaces. Lyon creek preserve is a good model, but with water access.	9/29/2023 8:17 AM

park can't get trashed by homeless tents or graffiti artists. Cameras should be in that area to protect natural habitats, if there is a parking lot, should be gated. We are all tired of street racers, party animals and other disrespectful people trash in communities. When this park is built, the green space and buildings must be protected to ensure the welfare of the park and the people who use it

64	Parking spaces. 20-30 spaces. Nothing too big	9/14/2023 9:41 PM
65	I hope we don't use a lot of space for parking because the park is so small. A couple handicap spots is good enough.	9/14/2023 8:05 PM

85	Free to use space for LFP residents.	9/13/2023 9:24 PM
86	This space should be accessible to all Lake Forest Park residents. Not like the Civic Club that excludes the majority of LFP residents.	9/13/2023 8:55 PM
87	Water access to swim, sail, canoe. A dock like the civic club enjoy= Pure healthy joy for all ages	9/13/2023 8:04 PM

92	Parking!	9/13/2023 4:23 PM
93	This should be available for use by all, not exclusive to those who can afford membership fees, but there should be safety provided for those with children who want to use park but not be worried about homeless occupants or anyone threatening their safety	9/13/2023 4:01 PM
94	Parking protected from Civic Club members.	9/13/2023 3:43 PM

100	Is completed without severely affecting our taxes if possible	9/11/2023 12:52 PM
101	Lake Forest Park needs a public swimming beach.	9/11/2023 11:36 AM
102	Creates revenue for the city.	9/10/2023 4:32 PM
103	Having a community space available would be important, along with picnic tables and chairs. But mostly, it just needs to be a beautiful, welcoming and comfortable place to access Lake WA for those who aren't also members of the Civic Club and Sheridan Beach Club. Because Log Boom Park has significant paddling equipment available, I'm not sure this space needs to prioritize have "all the things" - it might be more unique and lovely to have a beautiful, more natural space at our Lakefront access park.	9/10/2023 7:15 AM

Q2 When you think about the park opening to the public, what will be the most important and/or most used part(s) of the park for you? What would you like to do there? (free response)

51	I am a huge park supporter. We have the opportunity in the short term to have an income generating solution that will allow citizens to have park access in the interim prior to the completed solution, accessing existing assets of the park and creating income generating options to help fund the final park design.	10/25/2023 2:16 PM
52	I would love there to be a way to appreciate nature. Maybe in the form of a pollinator garden. Also, I enjoy swimming	10/25/2023 11:35 AM

Lakefront Park Property Community Survey

53	I would like that the current part of Lyon Creek park to remain untouched. The stream and paths are a perfect natural nature area. The acquired properties should still include nature aspects like the creek while providing a place to swim/recreate and enjoy a natural beach (not trucked in sand and rock like logboom). I think that the improvements to logboom park beach created a large sand beach where people can enjoy the lake in that setting. I think that Lyon creek park should provide a natural rock/trees and bushes beach area more like the shores of st. Edwards park. The new property "beach" should be developed to look like the space that is currently between the dock and the creek. The area needs to retain natural lake shore aspect and people looking for a sand beach can go to log boom or the private club next door.	10/25/2023 10:16 AM
54	A sandy beach would be great! Benches would be nice and parking is a must.	10/25/2023 9:48 AM
55	The beach area is the most important piece to me. Since it's on the lake, this is the access piece that I would use the most. It would be important to have nice sand on the beach and free of vegetation in the swimming area. Also having sand instead of rocks would be nice so that people don't get their feet cut up if they don't have shoes to wear on the beach. Having a nice space to hang out for many groups of people and big green spaces for kids to play would be nice. This would help accommodate a lot of people to be able to use the space at once rather than only a few. The space at Log Boom park looks nice but is taken up mainly by areas that people cannot venture into to enjoy the lake. It is big blocked off areas of trees. So there is not a lot of space for people. Verses the Civic Club and Sheridan beach that have large areas to hang out by the water and then forested areas up closer to the road. This allows a lot of space for people to enjoy the lakefront at the same time. Having a parking option would be nice. I think it's fine to park across the street and walk over but I know the Town Center is remodeling soon. So having parking available there for the community to use that allows them to easily transport their stuff across the street would be nice. Maybe adding in a few handicapped parking spaces and loading/unloading zones right at the park would be nice as well for those who can't make the trek across the street with all their stuff.	10/24/2023 7:33 PM
56	Sit by the lakeshore while my children play.	10/24/2023 7:00 PM

58	Spend time with family and friends in natural settings, gather with community members for events and learning opportunities, participate (eg volunteer), relax	10/24/2023 1:56 PM
59	I have two young kids who love to wade in the water. I imagine we'd swim in the summer and come in the winter to skip rocks and play in the creek and whatever other natural features are there .	10/24/2023 1:22 PM
60	Access to beach/kayak and SUP launch, picnic tables, play space	10/24/2023 12:21 PM
61	Bring my daughter, access the lake.	10/24/2023 12:19 PM
62	Use sidewalks to walk safely to any other park in the area.	10/24/2023 11:30 AM

66	Swimming beach	10/23/2023 7:34 PM
67	Maintaining the existing natural preserve of the Lyon Creek Waterfront Preserve is most important, followed by an adjacent swimming area and picnic area. It should be free and open to the public, with a casual first-come, first-served policy for any spaces, picnic benches, etc. We enjoy the nature of the preserve, and will want to continue to access this space as a family. Secondary to that, we would enjoy a public swimming beach. No rentals (this is available close by down the lake front), no commercial activity.	10/23/2023 3:45 PM
68	Entire site and shoreline should be restored to its natural state with native vegetation, removal of buildings, restoration of shoreline including dock removal (potential chemical treatment hazard) use should be passive in nature with unsaved trails.	10/23/2023 2:12 PM
69	I would love a place to paddle board and kayak! As well as a beautiful lawn/beach space to sit and enjoy the waterfront during the warmer months. We are in desperate need of boat launches on the north end of lake WA, and I would really love to see a boat launch put in the new park.	10/23/2023 10:59 AM
70	A place for kids to play	10/23/2023 10:50 AM

71	Any walking trails or play equipment. We love Log Boom park and the mix of activities for kids available there	10/22/2023 12:08 PM
72	I would like to take my children there in the summer - without requiring reservations or paying money - to relax. I would like a grassy area for picnics, some picnic tables, and a swimmable beach area. I would also like a playground area, but I do not prioritize that. Just somewhere we can go swimming and have lunch.	10/21/2023 6:30 PM
73	Family visits/picnic	10/21/2023 2:51 PM
74	Picnic, swim, canoe/kayak, hang out by the water	10/20/2023 5:15 PM
75	Fishing access	10/19/2023 8:00 PM
76	Swimming and a sandy beach access to have community sun time would be great. Plumbing for a drinking fountain may be all that is necessary.	10/19/2023 6:38 PM
77	Swim, play with my dog, picnic with family	10/19/2023 6:34 PM
78	Access to getting in the water	10/19/2023 6:31 PM
79	I think it's a waste of money and should be sold. The money should be used to balance the budget and really do important things for the city. We are just a short walk from logboom	10/19/2023 5:27 PM
80	Water access - swimming, canoe/kayak/paddle board. Simple loop trail with benches to sit 1/3 wooded and 2/3 semi open areas for views; views are important	10/19/2023 5:21 PM
81	A beach area to launch non motor watercraft	10/19/2023 5:12 PM
82	Allow a place for my dog to be off leash and to swim. He has had leash trauma and suffers leash aggression, now even has bitten people when he is on leash making it very difficult to exercise him. He is totally fine off leash and loves to swim.	10/19/2023 5:06 PM
83	Picnic. Swim.	10/19/2023 4:55 PM
84	I want to be able to take my children to a public waterfront space that is fun, useful, and open to all. Easy, safe swimming, structures for meals & shade, and a play area are important to us as we are not deeded to the nearby exclusive LFP civic club.	10/19/2023 4:49 PM
85	visit the shoreline, picnic, swim, launch kayaks, sailboards, paddleboards.	10/19/2023 4:31 PM
86	swim kayak picnic	10/19/2023 3:58 PM
87	Enjoy nature in a safe and quiet setting with mature trees and native plants.	10/19/2023 3:43 PM
88	I would like for my kids to be able to play on a sandy beach and swim in safe water. The civic club has a very long stretch of shallow water, I hope that's the case here as well. It would be great to have a playground and some picnic tables and a good bathroom facility.	10/19/2023 3:30 PM
89	Most important is for this space to be inviting for wildlife, and available for people to commune with nature. Green, quiet, peaceful, well-maintained. I'd love to be able to wander a meandering path there, as well as sit on the beach, gaze across the water, read a book, contemplate life.	10/19/2023 11:21 AM
90	A safe place to take my child and meet with other families. To picnic, play in the water, or relax and enjoy the atmosphere	10/19/2023 9:45 AM
91	The most important features to me are accessible trails and healthy trees	10/18/2023 7:47 PM
92	It would be lovely to have beachfront access within the city that we don't have to pay for. Wading in the water, swim access if that was ever possible (lifeguards?), being able to enjoy the view and scenery.	10/18/2023 6:36 PM
93	A place for families to play, picnic, relax on the grass in the shade, dog-friendly	10/18/2023 10:17 AM
94	Spending time as family, taking visitors there to learn more of the area and community.	10/18/2023 12:17 AM
95	Beach! Simulate the private beach clubs but open to the public	10/17/2023 7:09 PM
96	Lake access would be the big one. Specifically, I'm very passionate about rowing, and would love for area kids to have a place to do this. Northshore School District and Seattle have access, but Shoreline School District does not.	10/17/2023 12:12 PM

97	Wildlife preservation. Expand passive park preserve.	10/16/2023 7:49 PM
98	walk and sit	10/16/2023 5:35 PM
99	Accessible waterfront recreation. Consider access to youth rowing, which is available to students in the Northshore SD through Ke more Rowing, but limited options for Shoreline students.	10/15/2023 11:19 AM
100	Swimming	10/14/2023 8:18 PM
101	Beach, swimming	10/13/2023 1:21 PM
102	Ease of access, parking. Paddle board, swimming, sitting on the dock. Renting a community space for birthdays or PTA events.	10/13/2023 11:45 AM
103	Great activities for kids along with flexible activities for teens and adults to use for exercise. Civic park in Edmonds has a great track that wraps around the park (track material) different exercise options around, while kids play at the playground.	10/13/2023 9:54 AM
104	The access to the beach, swimming in the summer. Currently it is just a gorgeous area to sit on the dock. The trail inside the park is nice too.	10/13/2023 9:47 AM
105	Swimming, paddleboarding	10/13/2023 9:46 AM
106	Beach for kids to play, launch kayak and paddle board	10/12/2023 12:14 PM
107	Enjoy a restored waterfront, nature, and learning opportunities about nature.	10/12/2023 8:54 AM
108	Beach access, public dock access	10/11/2023 7:10 PM
109	sit	10/10/2023 12:29 PM
110	We are a family with young kids. We've love to see places to swim, areas to picnic; both on the ground as well as available picnic tables. And above all, an accessible and inclusive playground.	10/9/2023 9:23 PM
111	Swimming, play, relaxing in shade. Oppotunities for environmental education.	10/9/2023 8:32 PM
112	Access to the waterfront but also the ability to seek peace among mature trees and native plants. The waterfront in LFP lacks a lot of mature tree canopy compared to parks like Animal Acres, so I'd like to see more quiet, secluded spaces.	10/9/2023 12:04 PM
113	Having a quiet place to sit and enjoy the lake/mountain views	10/9/2023 11:46 AM
114	Walk, sit, wade amidst nature. Breathe good air. Possibly launch non- motorized watercraft. (It would be nice to have secure storage for personal watercraft, similar to Ski/Snowboard Check in a Winter Sports Resort.) Have a History Area, including Natural History. One of the buildings could be an educational center. Have places, both indoors and outdoors, to spend time comfortably on rainy/snowy days. An educational center might be one of these places	10/9/2023 8:12 AM
115	Trail and dock/lake view seating	10/8/2023 10:03 PM
116	Water / beach access	10/8/2023 12:25 AM
117	To be able to feel the beauty and benefits of nature, and feel grateful that the city is living is commitment to enhancing our natural environment.	10/7/2023 7:36 AM
118	Areas to play with children. Ideally a fully fenced area to accommodate children who run or wander.	10/6/2023 6:10 PM
119	Have a quiet place to read a book by the lakeshore.	10/6/2023 2:41 PM
120	Have access to outdoor space and access to the lake	10/6/2023 11:10 AM
121	Peaceful get away. Enjoy the views and find an escape from the crowds.	10/6/2023 9:53 AM
122	Access to water play, lake views, picnic areas. Place for birthday parties and a stage or covered place for music, cultural celebrations.	10/6/2023 7:59 AM
123	Healthy ecosystem for all life! Swimming, sitting by the beach, rent paddle boards or canoes	10/5/2023 4:07 PM
124	We would enjoy being by the water, sitting or walking. Having canoe rentals would be great.	10/5/2023 12:29 PM

134	Swimming	10/1/2023 8:49 AM

136	Fishing pier	9/30/2023 3:15 PM
137	Continue to keep and or improve the piers so that the public can walk out and be surrounded by water and go fishing. Paddleboard, canoe, row boat rentals during summer months. Ice cream stand in the summer. Animals allowed only on leash – – poop bags available for pick up/disposal. Safe water play area for little kids. Picnic tables, but no barbecue areas.	9/30/2023 3:02 PM

142	Natural environment with native species	9/29/2023 10:07 AM
143	The most important thing is that it is a public place where people can enjoy the nature of LFP and maybe swim and have a good time	9/29/2023 9:28 AM
144	play with kids; swim/kayak etc if possible; nearer the street court(s) for basketball/tennis etc. Picnic shelter(s); dock to walk out on and fish from. Current LC park provides place to "just sit". Need more public active space where folks can gather and play/visit together.	9/29/2023 9:25 AM
145	Walk through the woods and go for a quick swim in the lake. A hand carry kayak launch for personal watercraft for would also be fantastic. Not if it means a large parking lot and paved water entry, though. The floating dock at the former Squires landing in Kenmore was great. Almost no footprint, but worked just fine,	9/29/2023 8:17 AM
146	Water access, park	9/29/2023 6:54 AM

158	Swim. Enjoy the view	9/27/2023 10:15 PM
159	Enjoy a visit with my family	9/27/2023 9:57 PM
160	The most important part for me is a park/beach area to go to with my family and friends for playing and spending time together. We're within walking distance of the property but not deeded into the civic club so I would especially love a similar public space to be able to go to.	9/27/2023 9:49 PM

171	Spending time with my family. we own/live in condos at the sequoia house off 155th pl (super steep hill) with no yard or access to waterfront parks where my son can meet others. We could love to create a bigger sense of community by having a space to gather with our neighbors.	9/27/2023 1:23 PM

187	Hang out, enjoy nature, do non-motorized water activities like paddleboarding.	9/27/2023 7:34 AM
188	Continue to protect the Lyon Creek habitat - salmon recovery and protection is essential. For the rest - give LFP a free Civic Club-like place for the public. No more lake front eliteism. Well tended grass/play area, a place/way to gather with friends, BBQ / picnic facilities, a restroom/shower/changing area, a beachfront with access for swimming, a dock, light boat craft access (kayaks, canoes, paddle boards - maybe rentals). Accessibility is key - this should be a space for everyone. Concerned about parking and how much space that will require.	9/27/2023 7:15 AM

220	How will the grounds be kept clean for neighbors? How will traffic be mitigated - especially since it appears this park is not limited to Lake Forest Park residents? Will the city provide lifeguards? If there is an accident without lifeguards, will city taxpayers be on the hook if there is a drowning?	9/19/2023 11:30 AM

225	Float on my innertube during the summer, enjoy lawn, picnic tables, benches, enjoy nature. Take my dog for a swim. I'd like to see a free, city sponsored version of the civic club, which has gotten too expensive.	9/18/2023 2:48 PM
226	Enjoy the view	9/18/2023 2:39 PM
227	Understanding that there will be virtually no parking, there must be water access for swimming and hand carry craft such as paddleboards. 236	Wading and canoe launching	9/17/2023 10:41 AM
237	I would love to see the park act as an extension to the existing Lyon Creek Waterfront Preserve, where human impact is minimized and a priority is placed on restoring the waterfront land to its natural state. The civic club already acts as a venue for recreational use of waterfront land, and it's important to me that we AVOID using this new development to simply increase recreational space.	9/17/2023 9:30 AM
238	Please don't open this park! It will negatively impact the people who live on Beach Drive.	9/17/2023 8:50 AM
239	relax near beach, walk and play for exercise	9/16/2023 10:31 PM

Nature trails with protected habitat areas and/or labels for plants and creatures. Pier out into lake with benches. Parking, though low priority if total space is limited - similar to MLT Lake Ballinger.	9/15/2023 6:16 PM

260	I would love to buy a lunch at town center and bring it down to picnic by the lake!	9/15/2023 8:58 AM
261	Out door activities such as beach access & walking trails.	9/15/2023 8:42 AM

282	Be able to walk around the park, sit on a bench enjoy a good view, fresh air and read a book or do family picnic.	9/14/2023 7:01 PM
283	Open space, access to the lake.	9/14/2023 6:46 PM
284	Sit and visit with a friend or read or just look out over the lake, that would be biggest for me. I think many others like that, too, whether individuals, with friends, or watching their kids play. So, lots of benches or low stepped-walls to sit on. (Seating at Log Boom park fills quickly on nice days.) Might swim some. I like to kayak but think priority should be for sitting areas and kids to play and walking. Having area for small boats to launch would be nice but might take too much space plus people would be carrying boats through play/walk/sit areas. And there are a number of other places very nearby for launching.	9/14/2023 6:12 PM

298	Access to the lake! Such a needed venue for LFP citizens.	9/14/2023 1:10 PM
299	Lake access for everyone; a place to swim and paddle. Fishing opportunities also appreciated (would like to see a walking path/pier similar to Juanita Beach Park). picnic tables would also be nice for prolonged gathering.	9/14/2023 1:06 PM
300	I'm wondering about boating. How will this project and the civic club's dove-tail? Will there be dredging? I like nature, but some adjustment of the lake bottom seems reasonable considering it's mostly milfoil. Maybe you can team up on permits or something. Other than that, sitting on a bench under a tree or swimming in the lake.	9/14/2023 12:51 PM

314	Swim! Absolutely need accessible space for wheelchair users, including access to docks with ladders for getting into the lake.	9/14/2023 10:59 AM
315	A place to spontaneously bring the kids on a warm day to play in the water. A place to easily access the lake to kayak/paddleboard year round. And most importantly, as space in LFP where ALL our community can be included, unlike the exclusive civic club. Someday, my hope would be for the two properties to combine and be fully accessible to anyone!	9/14/2023 10:51 AM
316	Natural undeveloped spaces to explore.	9/14/2023 10:49 AM
317	Learn about what we are doing to bring back the salmon and restore the habitat and focus on how indigenous people took care of the land and how the land took care of them in return.	9/14/2023 10:48 AM

323	I want to see native plants and animals and use it to learn/teach my children about the environment and the impact of humans of the environment. I would like there to be signage explaining how indigenous people used and managed the land (while not erasing their current existence), how it changed under settler occupation, and how we continue to positivity and negatively impact our ecosystems. Watershed signage would also be nice. Signs that give the Lushootseed names for plants and animals of the area should also be incorporated.	9/14/2023 9:27 AM

38	On foot or by bike. We live up Ballinger way to the north so would be coming down Ballinger and crossing Bothell way at the light. Might occasionally take a bus or drive to the park but probably not often. I also imagine stopping here while on walks or bike rides on the Burke Gilman, it would be great to build in smooth easy access for users coming off of the trail.	10/26/2023 1:16 PM

103	You did not offer driving/parking as an option. This is a leading question to drive your own narrative. I think most people will drive. Parking should be a major priority. Look at the parking/traffic issues related to the current passive preserve.	10/16/2023 7:49 PM

129	A load/unload zone would be VERY helpful. A few handicap parking spots for our neighbors with mobility issues. We would likely walk or park nearby and walk but would often need to drop off my mom with weak knees near the entrance.	10/6/2023 7:59 AM

151	Like to think I'd bike there but to be honest, far more likely to park near city hall and walk there. For older users, think that is the more likely strategy. Make sure parking available as much as possible near city hall, esp. afternoons and weekends.	9/29/2023 9:25 AM

179	As a Civic Club Member, I know how challenging parking and traffic can be in that area. I can only imagine how property owners will feel about this. Hopefully, a solid plan for parking and traffic will be in place. Having lived here for over 50 years, I just don't think it would be feasible. Prove me wrong I, because I think it's a great idea for allowing public park/beach access without having to pay the \$600+ fees to be a member of the Civic Club.	9/27/2023 12:27 PM

#	RESPONSES	DATE
1	Have not been there	11/1/2023 6:12 PM
2	We've enjoyed the water access for ourselves and our dog. More shoreline water access would be good.	10/31/2023 11:14 PM
3	Nice views of the lake.	10/31/2023 9:52 PM
4	Have not visited	10/31/2023 6:54 PM
5	It's peaceful.	10/31/2023 3:17 PM
6	Perfect example of look but don't touch park. It's like a little eco-museum. Most folks spend only a few minutes there and once they've looked around they leave. The lake park should be actively enjoyed.	10/31/2023 6:50 AM
7	Like it.	10/30/2023 1:00 PM
8	I like that it feels like a nature preserve, has mature foliage. If it were bigger, would be great if it had more play space for kids	10/30/2023 11:46 AM
9	have not yet visited	10/30/2023 2:22 AM
10	Too many people ignoring the rules for walking dogs off leash and launching water craft.	10/29/2023 2:16 PM
11	it is beautiful, very important to maintain dock, pathways Dog access. bird sanctuary	10/29/2023 2:02 PM
12	More inviting signage at the entrance and near the trail/intersection. Benches and other places to sit and enjoy the space. Signage about common bird species, tree types, etc.	10/29/2023 1:54 PM
13	It needs more seating and more trail.	10/29/2023 1:06 PM
14	waterfront access is nice but someplace to sit would be nice	10/28/2023 11:38 PM
15	Nice but no waterfront or recreation access	10/28/2023 5:38 PM
16	That preserve is a great disappointment. Overgrown patch of wilderness. Useless as a park, no place to sit on the shore and enjoy the lake view. Kenmore did a great job of log boom park. Can we have something similar?	10/28/2023 1:11 PM
17	We liked the viewing portal for fish, the dock. It will be nice once it is bigger. The nature, trees and water.	10/28/2023 1:09 PM
18	Swimming	10/28/2023 12:28 PM

20	It has been awhile since I have been there but thought it needed some attention	10/28/2023 7:48 AM
21	its a nice place to walk to with my dog. Otherwise, tis pretty, but not much more. its a passive park.	10/27/2023 7:22 PM
22	Love the dock with the bench and that dogs are welcome.	10/27/2023 5:10 PM
23	Nice area and dock is nice for fishing. Swimming dock for new park would be great and launch area for kayaks and paddle boards. Dog area would nice , so people could bring their dogs if well- behaved!	10/27/2023 3:37 PM
24	I wish it was more family friendly	10/27/2023 12:57 PM

25	Yes, I go to Lyon Creek a lot. It's a terrific place to see nature. Could leave it as it is and concentrate on making the new park a swim/paddle area.	10/27/2023 12:34 PM
26	Yes, I enjoy the dock very much and like how it is quiet and not crowded. I like how there's not a lot of cars parked nearby. Sometimes the sandy area of the beach front is a bit unmaintained.	10/27/2023 12:30 PM
27	N/A, didn't know it existed!	10/27/2023 11:22 AM
28	Nice benches at waterfront/beach area to sit quietly and enjoy the view and the birds singing!!	10/26/2023 3:43 PM
29	It's a nice (if tiny) natural preserve, but not much room for activities or gathering.	10/26/2023 2:22 PM
30	It's beautiful! I love the native habitat, beautiful plantings, salmon habitat emphasis along the creek. The beach is very small due to the creek mouth. It would be great to have more public beach space for swimming. I love having a dock, it could perhaps be improved or expanded for more users to enjoy. There is also just not much space for people to use since so much of the property is nature-oriented - I hope the new property tips the balance a bit toward human use without losing the high quality greenspace.	10/26/2023 1:16 PM
31	There is no place to sit. Sandy beach but no area to really enjoy it	10/26/2023 1:13 PM

33	It's not very big so this will help expand the area. Also, there's not much open space	10/26/2023 12:23 PM

39	I take a walk with my dog there sometimes. I love the landscaping, because it doesn't look landscaped. A beach by the water would be nice.	10/25/2023 6:28 PM
40	Its small, no parking, so no way to carry picnic baskets, push strollers, take water devices, without parking in Town Center and crossing two heavily trafficked, busy streets.	10/25/2023 5:46 PM
41	The peace and quiet. A reflective space. Like the dock	10/25/2023 5:12 PM
42	it is peaceful, but would like more beach access similar to log boom park	10/25/2023 4:59 PM

47	I like how it is a natural nature preserve that retains is natural beauty and minimally developed. The only man made structures are the dock bridges and benches.	10/25/2023 10:16 AM
48	There's no real open area to toss a frisbee or lay out in the sun.	10/25/2023 9:48 AM
49	I haven't visited there but have been to the Civic Club next door. So I've only seen it from through the trees.	10/24/2023 7:33 PM

54	I love that it's so quiet and natural; I go there when I want a more forested beach experience, versus the open sand of Logboom. I hope that character can be preserved even while expanding the public access. Don't try to duplicate Logboom! A less manicured space is what makes Lyon Creek so charming. Currently, the signs prohibit swimming, although I have occasionally seen people swimming off the dock, and my family often wades out since it's so shallow, but I hope swimming is allowed. I would also love to see the trail system expanded slightly, along with a culture of exploration. Hamlin Park welcomes people to build forts and explore the forest, and Wallace Swamp Creek has tons of paths through the bushes; doing something similar at Lyon Creek seems like a great opportunity to allow people to have meaningful contact with nature.	10/24/2023 1:22 PM
55	Lyon Creek is lovely, but the way the creek is set up is destroying the beach and salmon's ability to access the creek. This needs to be redesigned to drain turbidity deeper into the lake	10/24/2023 12:21 PM
56	No, didnt know it was there	10/24/2023 12:19 PM
57	I would like to walk there safely on sidewalks.	10/24/2023 11:30 AM
58	Love this park as it is	10/24/2023 11:26 AM
59	I visit for views of the lake from the pier. Invasive plants should be better controlled.	10/24/2023 10:33 AM
60	Love it...but no access to the water	10/23/2023 7:34 PM
61	We visit the Lyon Creek Waterfront Preserve often, and like everything about it as is. Nothing could be improved and our family would not like any changes to it. The adjacent lots could have a casual, all-access beach but we would prefer no new parking lots and no commercial activity of any sort. This is a nature preserve. We love taking in the peace and quiet of the area, of observing wildlife, including birds, and watching the lake activity from a peaceful spot. We would be very sad to have noisy rental or food-service activity there, and it would be a detriment to Lake Forest Park.	10/23/2023 3:45 PM
62	It's cute, but exhausts itself in 5min. You can't even put a kayak in.	10/22/2023 1:31 PM

67	I use Lyon Creek a couple times per week. My dog loves it. I run into a number of people that don't think my dog should be there or swim there, which makes me sad.	10/19/2023 6:38 PM
68	It's a lovely spot, but very small. I'd like a larger beach and play area.	10/19/2023 6:34 PM
69	I wish there were designated times of day for offleash dogs	10/19/2023 6:31 PM
70	I have, it is peaceful, when no other people are there, but doesn't seem to have a purpose	10/19/2023 5:27 PM
71	Limited park, especially where access to water was restricted. The experience was worse as seeing the community club area nearby with large beach.	10/19/2023 5:21 PM
72	BORING. I call it the NO-NO park. There is NOTHING to do and everything is a NO. Lake Forest Park is famous for parks that are do nothing parks. Only one park with playground equipment (Horizon View) AND non have bathrooms. We have shamefully bad parks compared to Shoreline, Briar and Kenmore and other cities around us.	10/19/2023 5:12 PM
73	Too cramped, not good for dog on leash who has leash problems when people get too close.	10/19/2023 5:06 PM
74	We like the walkway. Would like benches near the water.	10/19/2023 4:55 PM
75	I like the natural feel, but wish it had open space to picnic, play, and/or swim.	10/19/2023 4:49 PM
76	Quiet natural setting Easy way to get into the water to wade around	10/19/2023 3:43 PM

82	Too many people using water for boats, paddling, swimming and using the beach as a dog park. Listed as a passive preserve. All things against the rules of the park. I find it frustrating.	10/16/2023 7:49 PM

87	I used to bring my kiddo there when she was younger. We liked the bridge in the middle of the park and the waterfront dock.	10/13/2023 9:47 AM

91	We like the pier, although wider would be ideal. More waterfront access and more places to swim would be nice	10/9/2023 9:23 PM
92	I want more of a playground for adults and kids, ie swimming, playing, not a passive park.	10/9/2023 8:32 PM
93	I like the feel of walking through tree-lined paths that aren't direct paths to the water. Rather they let a person meander and explore. It's very small, though, so it leaves a lot to be desired, and there isn't much to do on the waterfront other than walk out on the dock.	10/9/2023 12:04 PM
94	Almost every day and, when available, I sit at the end of the dock to enjoy the quiet and views. What I find most disturbing are people who launch their paddle boards/kayaks and allow their dogs (and sometimes children) to play in the water. I thought this was a preserve for birds and other wildlife.	10/9/2023 11:46 AM
95	The native plant restoration mingling with a few reminders that it was someone's home that became a Park. In years past, I enjoyed watching the Christmas ship from there with hot chocolate from a youth group. What I would like to see would be more dock/boardwalk space, including seating, to enhance the feeling of being immersed in what's around me.	10/9/2023 8:12 AM
96	I often go for the short walk and then sit and watch the lake from the bench out on the dock	10/8/2023 10:03 PM

99	What I love about visiting Lyon Creek Waterfront PRESERVE --- pause and think about that name -- PRESERVE---is that going there, walking out on the dock and sitting surrounding by the waters of the lake, and feeling the timelessness of the natural world, and feeling renewed. Our city lives have so much stress, being able to sit in quiet--and feel awe (from the sudden sight of an eagle, hear the call of an osprey) is good medicine.	10/7/2023 7:36 AM

102	we haven't, it's not easy to access and not well known, but want to go check it out now that I know it's there, but will probably need to park and walk.	10/6/2023 11:10 AM
103	The boardwalk is charming. The trees and birds delightful.	10/6/2023 7:59 AM
104	We enjoyed the preservation of nature and the tree canopy. We saw bald eagles here. Stream care management could be improved. This includes not using any chemicals in or near streams by the City of LFP or from residents spraying lawns, roofs, etc. Most of us LFP residents live in the forest and more awareness could be placed around having vegetation that grows in the forest vs. having lawns. Many lawns are excessively watered and chemicals	10/5/2023 12:29 PM

used. This is wasteful and contributes to pollution. There could also be more education around household cleaners including hazardous laundry detergents. We need to be aware of our entire water system and preserve it. We saw that Round up and similar products were used for McAleer creek which flows into Lake Washington where people swim. Please pull invasive species and replant vs spray them.

105	Not familiar	10/4/2023 10:21 PM

Maybe at the new park there could be public water access.	9/20/2023 12:07 AM

212	I haven't and didn't even know it was there.	9/14/2023 9:41 PM
213	I like the quiet, the view of the lake, the rushing stream and trees. And the variety of birds. I don't like what appears to be invasive weeds choking out the more interesting native plants.	9/14/2023 9:02 PM
214	I love it the way it is.	9/14/2023 8:31 PM
215	We saw crayfish in the creek. I've sat out on the boat dock and watched the waves in the rain and wind. I've talked to people about their bikes and biking in general in LFP. I've watched for kokanee salmon but haven't seen any yet. Maybe this year!	9/14/2023 8:16 PM
216	Its lovely but there isn't much to do there after you've walked to the end of the dock. So improved water entry and some tables, bbq's would be nice.	9/14/2023 8:05 PM
217	It's cool to walk out on the dock. It would be nice if launching a small non-motorized boat was possible. I mostly just walk through with the dog, and don't plan to spend significant time. Maybe if there were picnic benches I'd stay longer.	9/14/2023 7:57 PM

227	I like that it's quiet and "natural", a bit of an oasis. Nice views. Could use more seating - it doesn't seem inviting to have visitors stay for more than a few minutes. Last time I visited it needed some dock repair. It's always disappointing to be that close to the water but not be able to go in.	9/14/2023 3:31 PM

232	As a former Co-chair of the Parks Commission and Community Services Commission, I have spent quite a bit of time in Lyon Creek Park. I feel some of the plantings are inappropriate and hard to maintain, and access to the lake was difficult. The space could be much better utilized.	9/14/2023 1:10 PM

240	Quiet, lots of plants, water access	9/14/2023 11:12 AM
241	The dock is the best spot to hang out with people. We did this alot as teenagers. An expanded dock to host multiple people, plus an area on the waterfront to lay on towels would facilitate areas to meet people	9/14/2023 11:03 AM
242	It's lovely! I like the natural landscape/plants. It's a bummer not to be able to swim there while you can watch the people at the civic club right next door swim.	9/14/2023 11:03 AM
243	It could have a bigger open space within the park. I like the dock. I like the benches.	9/14/2023 10:59 AM
244	the winding trail is lovely creekside viewing, but the dock and beach area are just too small for more than a couple of people at a time. bench and/or table would be appreciated.	9/14/2023 10:59 AM
245	I walked there once right after it opened and it was very nice. As I recall, parking close by isn't available which is tough for folks for whom accessibility is an issue.	9/14/2023 10:51 AM

253	I like it not having water access, I think it is less disturbing to the wildlife on the shore.	9/14/2023 9:17 AM
254	This is our FAVORITE park because of the peacefulness, access for foot traffic only. Sitting on the dock bench has been a mental health savior. Keeping the safety is important. I like how you walk into the park as if you are being transported into a "space", you leave the hustle bustle world and enter a sanctuary of peace. Any other patrons of the park you chat with are also always calm, speak in lower voices....clearly it has the same effect on others. My father & I used to visit the Morris family (and their horses) when they lived there and I think they would be pleased at the restoration / use of this property.	9/14/2023 9:12 AM
255	Beautiful!	9/14/2023 9:08 AM

276	We like the beach front but would like more open communal space	9/13/2023 8:28 PM
277	I was involved with the LFP stewardship foundation years ago. And I served on the board of adjustment with other local citizens before city. Government decided to pay a lot of money to a non-resident administrative law judge instead of using a citizen commission. What a disrespectful move that was. Anyway. I am an environmentalist myself, but the overkill with cordoning off ferns and local vegetation and not letting the residents of the city just enjoy even a little postage stamp of lakefront is kind of stupid. I grew up playing at the civic club, and it was the most supportive, sweet, healthy positive "civic" experience a kid could have. Local kids and teens will end up at malls and in front of TV sets if they don't have a cool outdoor place like this to go during the summer. And adults are there kicking back and watching for their safety. It's the definition of community. Now, unless you're lucky to be a deeded civic club Member, or you have paid every single year without missing a beat. water with a book and gaze up at bald eagles.. and make friends and meet your neighbors. These are small tiny parcels of land in the middle of a large urban area. Yes, let's keep them green with trees and plants but it's inescapable that they are here for human recreation and letting people congregate in a green healthy space on the water probably does more for the environment in the long run than building little boardwalks, and being too uptight that a piece of native vegetation might get squished under foot. If you can't do anything much, then are you're not going to go there and you can't play there and then you won't even care about your local environment because you can't commune with it at all!! . I'm getting sick of the overkill whether you want to call it militant environmentalism or woke Ness. I've lived in the city most of my life and I got blocked from the civic club because I was too ill and low income one year to pay my dues. It's broken my heart ever since- literally enough to make me consider moving out of the city, because having a place to go in the summertime next to the lake was one of the deepest joys, and it's literally pretty much impossible now. Matthews beach is not the same, nor is the waterfront in Kenmore. This is my town, and I still feel like it's my lake, and I should be able to put down a picnic blanket on the grass and look at my lake and talk with my neighbors. My families been here since 1938. I'm pleased to think it's possible that I could take a cold dinner down to the lake with a blanket and lie in the sun with a book and jump in that water once more, and maybe even lie at the end of a warm wooden dock, and listen to the water lapping . Give us, give kids that opportunity. They will get far more from it and will love the lake & the environment, more than if you lecture them about native plants, while they shuffle along in the shade on carefully cordon boardwalks reading plaques about trees and history. We get enough of that in school and elsewhere. If you must throw it in, go ahead, but make a joyous green space where people can play for god sake.

278	It's a nice walk around the preserve, and nice to commune with nature, but it's disappointing that there is no access to the water.	9/13/2023 7:36 PM
279	Palace to launch paddle boards, Kayaks, swimming.	9/13/2023 7:34 PM
280	Lyon creek is a beautiful parcel of land that hosts numerous native plant species. Lyons creek is nice for a stroll but not somewhere I would stay for a long time. I find it confusing that there are two private lakefront organizations (Sheridan beach club and civic club) within LFP but nothing that offers the same accessibility for the public. If Lyons creek has the opportunity to offer similar amenities as Log Boom park in Kenmore it would be a huge benefit for the community and those who live just outside the boundaries of the two private (and insular) organizations.	9/13/2023 7:11 PM
281	The tree canopy is good for birding. Parks in general could use more tree canopy	9/13/2023 7:10 PM

We are members of the Civic Club, but it has always felt immensely unfair that between the Civic Club and Sheridan Beach Club there hasn't been a more useful, accessible public space for non-members. At least at Lyon Creek you can walk out onto the dock! I am glad that it seems to prioritize stream and waterfront lake health - and it is a lovely green space!	9/10/2023 7:15 AM

57	The city is called Lake Forest Park. You have addressed the lake but not the forest. You need to address trees and the forest Lake Forest Park is one of the last places that has a significant amount of trees. You could feel the difference in the summer in areas that have no trees in Lake Forest Park the climate is significantly cooler in the summer in our town, you need to address climate change, and the removal of trees and salmon populations. These are all connected together and unfortunately we are losing many trees and the climate is increasing. So now we are losing the salmon which is a significant food source for not only humans but many other animal species I am proud that Lake Forest Park is a leader in preserving trees. That is why I live here, unfortunately many cities around Lake Forest Park have chosen to cut trees and build large condominium complexes so this is what you need to address in your new park is the significant value of a tree	9/27/2023 10:25 AM

124	How to get involved with LFP specific organizations and community (Friends of Third Place Commons, Farmers Market, Stewardship Foundation) - to really make this feel like an entity that is Lake Forest Park's. Maybe that is just a bulletin board behind glass that includes city information and announcements/updates. But that could make it more personal and familiar rather than just some nameless suburban lake access point. Also, Kenmore has several of those extra-extra-large beach chairs in various spots around the city - kids love those, along with a couple of statues and paintings around of Hank the Heron. Those are some fun themes and symbols of Kenmore, especially for kids. Perhaps LFP should consider something like that and build it into this park to make it "more LFP" - some fun elements that would attract kids (without necessarily needing to put in a whole play structure, although that would be super, too), and make it unique and interesting.	9/10/2023 7:15 AM

1	Don't over-program or over-develop. The lake shore is the point and accommodating access for all to that asset is most important, while modeling strong environmental stewardship and respect for native peoples (past and present).	11/1/2023 4:57 PM

11	I would love there to be a space for community events like concerts, plays, religious and ethnic events, (Holi, menorah lighting, etc.). It is important that the park be a true community space, serving a role that private lakefront clubs serve for some parts of the city but that excludes many others.	10/29/2023 1:54 PM
12	The Burke-Gilman Trail is a perfect place for city run shops like a small Cafe with seating. It has HIGH traffic and quality foot traffic. It could be a good source of revenue for the city. The city could also just build the small building/seating and rent it if the city doesn't want to manage it.	10/29/2023 1:06 PM
13	I don't know what "stewardship/Shoreline management" means and I would imagine many others don't as well. So I didn't know how to rate that.	10/28/2023 5:38 PM
14	Waterfront access is rare and precious. We would like it to be open and accessible as opposed to a Buch of overgrown bushes that completely block the view as in the preserve next door.	10/28/2023 1:11 PM

23	I enjoy the Lyons's Creek preserve often. It's a beautiful peaceful spot and I'd really like to see the adjacent properties the City will be developing keep that very peaceful, natural feeling, where wildlife and people can both enjoy and feel calm, so no motorized boats or cars on the property.	10/26/2023 3:43 PM
24	I have heard a lot of comments that parking is going to be an issue— I believe that the city should develop parallel parking along the west side of Beach Drive NE. This is public right of way (even though many of the residents on this street seem to treat it as their private property...), and would allow for ample parking. An improved cul-de-sac/turnaround at the north end of Beach Dr would certainly help facilitate this, allowing people to park on the west side pointing south (w/o using private drives to turn around). The exiting buildings should be preserved and available for the public to rent (day rentals & overnight). The city should NOT get into the landlord/AirBnB business— do it like a tiny version of our state & national parks where private concessionaires manage & operate the facilities with a fee and/or royalty paid to the city.	10/26/2023 2:22 PM
25	I would love to see more spaces for public gathering in LFP, which this could facilitate. The third place commons is wonderful but very indoor and oriented toward sitting down in one place; while most city parks are mostly outdoor greenspaces oriented toward walking through them. It would be great to have a hybrid space that is very human-oriented for play, conversation, and building community- I am thinking of the Kenmore hangar that has a coffeeshop, indoor public space that can be opened up wide in good weather, and an outdoor space to play. Could we have all of that, and throw in lake access and wildlife habitat too? What an opportunity, very excited to see this happening!	10/26/2023 1:16 PM

33	I am a resident of beach drive. I encourage a public waterfront park IF traffic, parking, and oversight can be managed. Currently our street is used for burke gilman trail, lyon creek park and civic center overflow parking. Access and parking are already at a premium for residents and their guests on this narrow street. We have observed people driving too fast down our dead end residential street. There is no way to turn around with out using someones driveway. Blocking access to our street. Parking in our driveways. Trespassing. Theft, Litter. Drug use. Homeless people in the park and parked in motorhomes on our street. Increasing the size of this public park with-out addressing the access and parking is a huge concern. Suggesting a "drop off" and parking at Town Center doesn't work for the current use. Adding more public space with-out proper access and parking is a mistake. I don't care too much about preserving the buildings except maybe the brick one? I'm more interested in having a nice open space with a beach for the kids, with parking. 41	What I said in #4 sums up a lot of my thoughts. I hope this park doesn't try to compete with the private beach clubs in LFP, or even with Logboom. I hope you endeavor to retain the existing character of Lyon Creek. No playground is necessary. It would also be neat to find a way to connect the park to the rest of the watershed in some way. 47	Go lightly with any development, and take into consideration the importance of the tree canopy, home to wildlife and birds and important part of any change.	10/23/2023 3:45 PM
48	I can't stress enough how wonderful it would be to have a power boat launch.	10/23/2023 10:59 AM
49	I am so glad that the city is doing this.	10/21/2023 6:30 PM
50	As natural as possible. Accessibility reasonable, not militant	10/21/2023 2:51 PM
51	I'm glad that LFP is going to do this!	10/20/2023 5:15 PM
52	Please don't let a few complaining voices, which may be the loudest, ruin good ideas.	10/19/2023 6:38 PM
53	Just don't do it. Terrible idea to begin with	10/19/2023 5:27 PM
54	Ensure there is significant easy public access. Where is parking, for cars & bikes? The side road access is not welcoming. A toilet is a must have.	10/19/2023 5:21 PM
55	Please stop designing parks for old people. Please design this park for families and children with a beach and a playground. Please look at the wonderful parks in Kenmore, Brier and Shoreline, Edmonds etc. Everywhere but here. We have TERRIBLE parks. I've lived here 30 years and NEVER go to any parks but Horizon View and that park needs a bathroom.	10/19/2023 5:12 PM
56	Lake Forest Park has zero dog parks? And all of Lake Washington has only one dog swim area (Warren G. Magnuson Park). Kenmore just revamped their Log Boom Park so people have that already but maybe could there please be some space for off leash dog on the water in the new LFP lakefront park? Maybe do a nice dog dock? Would be amazing!	10/19/2023 5:06 PM
57	Worried about where people will park, how often trash will be picked up, cost to city to maintain the park.	10/19/2023 3:43 PM
58	We are so happy the city purchased the land and will make it available to the public. Thank you!	10/19/2023 3:30 PM
59	I would love to see the LFP Civic Club somehow be included in this idea, forming a larger public park/preserve (and if "activities" are part of the design, keep them centered in the current Civic Club area). I recognize that's probably a larger effort than is in play at this time; but if it's a longer-term possibility, I'd encourage keeping it in mind as part of this design process. Thanks for the work you're doing, it's exciting!	10/19/2023 11:21 AM

62	With Logboom and Lyon Creek parks already so close, I think it would be nice to have different offerings or a different vibe at this park, whether that was through reservable spaces for gatherings, a big grassy lawn to play on, or, as I mentioned, a base for a rowing program for local schools.	10/17/2023 12:12 PM

66	As one of many families with young children in LFP, we'd especially love to see an accessible and inclusive playground.	10/9/2023 9:23 PM
67	There are a lot of parks in LFP, but very few of them have play structures for kids. It would be great to have a park with climbing toys.	10/9/2023 8:29 PM
68	Consider accessibility needs (wheelchair, strollers, all ages of children). I'd love for this park to be a LFP "hidden gem" with a strong local community focus.	10/9/2023 12:04 PM
69	If this does become a recreational area, where do you plan to provide parking??	10/9/2023 11:46 AM
70	Don't waste too much of the actual waterfront park space on vehicle parking. Be creative...get people and their stuff there other accessible, safe and easy-to-use ways. I am confident if any City can do all of this well, it is Lake Forest Park.	10/9/2023 8:12 AM
71	There are very few places in or near our city, where people can feel the awe of nature. Yet this is necessary for us to be healthy. There are places where people be active, but if people lose touch with nature, we will all be poorer.	10/7/2023 7:36 AM

98	Pls allow swimming/ water access for those LFP residents who don't have civic club rights. Log Boom park in kenmore is great but has limited parking and is a far walk if you are carrying by a sup or kayak. it would be lovely to have something like that in LFP and for LFP residents . Make this a place that is truly accessible for all in the community.	9/27/2023 9:05 PM

109	Thank you for your amazing work!	9/27/2023 10:46 AM
110	I would also like to see something about the Railroad that is now the bicycle trail. The train system opened up the Pacific Northwest to modernization. It would be nice if you could include some thing about the great northern railroad, and the significant impact it made in this area and probably something about Lumber and timber sales. Of course indigenous people were here first, and we basically took their land but that is old history, but putting something in the park about native culture is also very important. The indigenous people were in balance with the land and the water. Unfortunately, we have moved away from this concept the only place that seems to be preserving, anything is a Lake Forest Park, and preserving a significant amount of trees so I would like to congratulate the city of Lake Forest Park in this approach and congratulate them on the new park	9/27/2023 10:25 AM

118	With vision and investment, and the proximity to Bothell Way and the Town Center, this could be a sought after destination on the North end of the lake that brings community together and gives everyone access to the water and our natural beauty. 148	Only some signage is important because lots of visitors don't read signs. Keep it to what is unique about this park--certainly not about ordinary plants and wildlife. Log Boom Park already has many interesting signs about the area. Nice to learn about the wider sources of water flow and creeks through the park however, like with a map maybe beyond LFP.	9/16/2023 9:49 AM
149	Thank you for doing this! I've long been annoyed that the only way to access the lake from LFP was through private parks and property, mostly belonging to the wealthy.	9/15/2023 10:26 PM
150	Please do not save a few trees at the expense of a well designed and usable park. Trees are a renewable resource. We have enough forest cover in Lake Forest Park, what we need are good parks.	9/15/2023 9:44 PM

156	In the ever changing environment of the Seattle area densifying so quickly, we are losing tree canopy all over the Seattle area. Lake Forest Park is already warmer than surrounding countryside. Please make efforts to preserve the big trees on the site and mention their huge importance in preventing the enlargement of heat islands in our city!!! Thank you!!!	9/15/2023 8:58 AM
157	This great! So excited that this land has been acquired for public use.	9/15/2023 8:42 AM
158	Hopefully the natural surroundings will be taken into consideration during the site plan. Also it is critical to use vegetation native to the area to promote a healthy ecology	9/15/2023 6:44 AM
159	It sits in a very quiet and safe neighborhood where neighbors watch out for each other and respect each other's peace and privacy. Public enthusiasm will completely change the nature of what the neighbors have enjoyed and paid for over many years. There will be loss of privacy, noise, and potential for crime. How will the city try to mitigate this? What plans does the city have for maintenance and security after hours?	9/15/2023 5:12 AM

167	the park should be a good neighbor in that community; the limited parking on the site seems like a potentially big issue, but it would be nice to allow safe drop-offs for human powered watercraft (perhaps even storage or rentals);	9/14/2023 3:31 PM
168	Because we live in the land of trees, many of us have no place from which to view a moon rise or other celestial events such as meteor showers. It would be nice if, at least during these events, the park could be open late for viewing the sky. I have been turned away at the LFP Civic club after dark when I just wanted to watch the moon rise for 15 minutes, even tho we are members. Perhaps arrangements could be made with Seattle Astronomical Society to host skywatching events.	9/14/2023 3:01 PM

176	Some attraction that might be interactive like a treehouse.	9/14/2023 10:59 AM
177	Is it possible to think that someday the civic club and this city property could be combined for the enjoyment of our whole community? Who owns the civic club and would they consider selling to the city? It's so so sad to have that amazing space be a source of division in our community, creating the haves and the have-nots in regard to access. It makes me reconsider living here, not just because my family doesn't have access but because it is currently and actively excluding people in our community.	9/14/2023 10:51 AM
178	I hope the City makes a real effort to seek feedback from the indigenous community	9/14/2023 10:48 AM
179	Having some picnic tables open to all near the water would be nice. And, some free range area we could play frisbee, etc.	9/14/2023 10:46 AM
180	Can we expand the park to include other properties? What has the City done to explore this!?	9/14/2023 9:27 AM
181	A small play structure might be good, for kids who don't like to swim. Something like the net climbing structure at Montlake playground or the playground by the woodland park zoo (N 59th and phinney).	9/14/2023 9:27 AM
182	I would like bikes on the Gilman trail pay more attention to pedestrians, when crossing Ballinger Way (they are even worse when crossing NE 170th st). Wider curb ramp would help.	9/14/2023 9:17 AM

186	We are so grateful for the new public parks along the north shore of the lake	9/14/2023 6:09 AM
187	Excited to have community space where we are welcome. Living here and not being allowed at the civic club is disappointing. Open up the civic club space to LFP residents.	9/14/2023 4:39 AM

190	Really looking forward to this new park addition!	9/13/2023 9:55 PM
191	So glad to see public lake access is being expanded. If you plan to create reservable spaces, please also plan for parking on site for event hosts and clear signage/parking permits that is patrolled. Nothing sounds worse than having to walk carloads of picnic supplies across Bothell way multiple times.	9/13/2023 9:44 PM
192	Please prioritize this, we can't wait to enjoy it!	9/13/2023 9:42 PM

194	Can't wait for all of our city to have public access to lake activities	9/13/2023 9:07 PM
195	Including a couple 5-10 minute drop-off /pick up parking spots would be awesome.	9/13/2023 8:53 PM
196	We would love another communal space we could have informal gatherings at the lake that is dog friendly!	9/13/2023 8:28 PM
197	People in this city do respect the environment, and they do care. The entire city is extremely heavily heavily regulated in this manner as well, and many social events revolve around sustainable and environmental issues. I'm sure when Indians lived on our lakefront millennia ago. they also laughed and played in the water and swim and napped under trees. They didn't just walk around tiptoeing and getting lectured about the past. Life needs joy. This is our community. Remind everyone of the past and remind everyone to respect the present, but let the present have some joy. Let children paddle and swim. Let singles paddle in their canoes. Let the elderly bring down their lawn chairs and their books, and sit watching the lake as the sunsets.	9/13/2023 8:04 PM
198	Safe and swimmable for the tweens and teens please. They will be hanging out here.	9/13/2023 7:06 PM
199	There is a small nature museum in Rochester MN that it's similar to what I described above and I think could inspire an amazing engagement opportunity for all LFP residents (and potentially residents of bordering towns which may garner more donations or self sustaining income as well as acting as a draw to our local businesses). https://qhnc.org/	9/13/2023 7:02 PM
200	Bathrooms onsite would be nice, a similar setup to the new Log Boom Park setup.	9/13/2023 6:38 PM
201	The city does a good job of keeping the park safe and free of illegal activity. I expect that the city will be equally committed to that for the future development. I think the derelict garage should become a row of parking.	9/13/2023 4:48 PM
202	Boat ramp please	9/13/2023 4:40 PM
203	Please consider good lighting so the park can be used in the evenings. Please consider pricing wide open space and a beach area. This should serve residents who don't have access to a civic club and want to go swimming without having to walk through obstacles. For this to be family friendly that is really necessary to look at the civic clubs and provide a similar design with kids in mind.	9/13/2023 4:37 PM
204	How will the park be kept secure, safe, and not vandalized?	9/13/2023 4:28 PM
205	Please ensure that our trees and nature are protected and enhanced as we make this space available to all in our community. This is a wonderful opportunity to bring Lake Forest Park together, because some of us are excluded from the community club though we live inside historic city boundaries.	9/13/2023 4:25 PM
206	Glad the city has acquired the property. Hope there is funding to improve lake access	9/13/2023 4:23 PM
207	Maybe electric vehicle charging stations. Boat rentals.	9/13/2023 4:15 PM
208	Bathroom access!	9/13/2023 4:11 PM
209	Just create an actual park that people will use.	9/13/2023 4:08 PM
210	Please make sure to maintain the park to keep it free from garbage, damage, graffiti and crime.	9/13/2023 4:03 PM
211	I am very excited about this acquisition, I have always wanted to use the private park nearby... when I bought my property I was told I could join, but the lots across the street qualify, not mine, and the fee to join would probably be too much if I was ever allowed "special privilege" to join...	9/13/2023 4:01 PM

212	I hope that this park does not become a boat launch or place for lots of swimming children. I hope it remains a quiet natural setting in an otherwise over developed area.	9/13/2023 4:00 PM
213	Make the walk from the Burke-Gilman attractive, easy and safe.	9/13/2023 3:46 PM
214	Just very excited for this area for LFP families that don't belong to the private club	9/13/2023 3:43 PM
215	With the BRT set to change Bothell Way significantly, please make every effort to provide safe pedestrian access to the new park. It's so exciting that all of LFP's residents will have lake access!	9/13/2023 3:39 PM
216	LFP citizens need more waterfront access - this shouldn't be restricted by design choices or environmental restrictions that exceed what is required.	9/13/2023 3:38 PM
217	Please give us a good reason to go there. Together with the town center it could be a great destination for recreation as well as being convenient and interesting for walking around and shopping.	9/13/2023 3:38 PM
218	Consider how people interact with civic club and this new club especially since people may swim /float / paddle between.	9/13/2023 3:34 PM
219	Hope a small selection of ideas can be voted on by the public, would like to know what the budget is and where the funds will come from	9/13/2023 3:32 PM
220	Consider traffic, parking, signage telling people where to park, find a way to ensure safety & prohibit camping and guns	9/13/2023 3:32 PM
221	Providing a public space where families can host birthday parties and similar events would be really valuable	9/13/2023 3:29 PM
222	group areas for gatherings...around for singing and shows, movies	9/13/2023 3:21 PM
223	There is no access to the lake in Lake Forest Park unless you are a member of the Civil club or Sheriton Beach club (both deeded members). Having access to the lake would be beneficial for those not deeded to the other clubs (especially with log boom and the kenmore boat launch getting busier after their recent renovations).	9/13/2023 3:20 PM
224	No	9/13/2023 3:18 PM
225	I like the idea of having a space with access to the lake. Not everyone is a member of the civic club so the nearest access is Log Boom Park. This will be an enhancement to the area.	9/13/2023 3:15 PM
226	great project. Hope it gets finished asap!	9/13/2023 3:14 PM
227	Safety security and not turned into a homeless camp	9/13/2023 3:13 PM
228	Instead of providing parking at the park, I'd prefer to see money directed to pedestrian crossing improvements from the ample parking at the Town Center, across SR 522, to the park, bike trail, etc.	9/13/2023 3:13 PM
229	The history of the site should be respected and retained in some form.	9/13/2023 3:11 PM
230	ADA accesdible.	9/13/2023 3:09 PM
231	The beach at logboom is so welcoming, would be great to have something similar for kids to play and access the lake as well as a dock for boating access.	9/12/2023 2:15 PM
232	Super excited that this wonderful space will be available to our community	9/11/2023 2:10 PM
233	Please create a beach that is welcoming for people who want to be in the lake.	9/11/2023 11:36 AM
234	Thanks for asking us!	9/11/2023 10:35 AM
235	Is there to be a small bit of parking? ADA parking?	9/10/2023 4:42 PM
236	It would be important to have public bathroom and water fountain (to drink from). Some other ideas: shade tables and seats.	9/10/2023 4:34 PM
237	The reason I selected "some what interesting " in the section of pre and post settlement is because there is a lot of renaming and history of what the logging industry did- and realestate developers have done. There are two pieces of history that is often omitted. 1. The first people 2. How our City became a city due to the community organizing to try and preserve the	9/10/2023 1:12 PM

environment. The culture of this area is significant and it carries with us from the past to the present.

238	How do I get involved? This is a fantastic opportunity for the city and I'm really excited that LFP will have this public park. Thank you, LFP, for making this happen!	9/10/2023 7:15 AM
239	We love what they've done with the logboom park in Kenmore. I think the city should leverage off the work they've done and what they have learned.	9/9/2023 1:11 PM
